

Lesson plan		2024-25 (odd Sem) (22 July-22 Nov.2025)	
Name of Assistant professor	Richa		
Class	B.com 1st Year		
Subject	Business statistics		
Week, Month	Topics covered	Status/Remarks	
Week 1, 22 July - 27July	Meaning of statistics,Objectives		
Week 2, 29July- 03 August	classification,Types of Data		
Week 3, 05August- 10 August	Revision		
Week 4, 12 August-17August	Measurement of central tendency, variation		
Week 5, 19 August- 24 August	Measurement of absolute variation		
Week 6, 26August- 31 August	Numerical Of Central tendency		
Week 7, 02 September – 07 September	Revision and problem taken		
Week 8, 09 September- 14 September	Moments and Skewness numerical		
Week 9, 16 September-21 September	Kurtosis done and problem taken		
Week 10,23 September-28 September	index Number Numerical		
Week 11, 30 September- 05October	Revision		
Week 12, 07 October- 12 October	Probability and expected event numerical done		
Week 13, 14 October-19 October	Probability theories and exercise solved		
Week 14, 21 October- 26 October	Revision		
Diwali break (27 October-03November)			
Week 15, 04 November - 09 November	Addition and mathematical theories,Numerical question		
Week 16, 11 November-16 November	Problem solved		
Week 18, 18 November-22 November	Revision
